A Word from Travis

It is our pleasure to welcome you to Blue Label Pizza & Wine. As the name suggests we are just as serious about wine as we are pizza. Our wine list is an assemblage of our favorite producers throughout the world. As you may have guessed already we do things a little differently here. We offer a daily rotating selection by the glass of our favorite sparkling, white and red of the moment. Furthermore, we offer our entire list (as long as it's under natural cork) to be had by the half bottle in conjunction with our unique Coravin system. Our pricing is reflective of our desire to offer you great value and choice and to highly encourage you to try something different. Our team looks forward to serving you with enthusiasm.

Satisfaction Guaranteed,
Travis Masiero

ORGANIC

Organic and biodynamic are very similar; both are grown without chemicals and GMOs. Organic agriculture replaces chemicals with natural products, but biodynamic agriculture goes one step further.

BIODYNAMIC

Biodynamic agriculture uses techniques to nurture the soil which helps the plant produce its own energizing forces. By increasing bacteria life in the soil, the winemaker provides the best possible environment for the plant to strengthen its vital energy.
